

How well do you know your baseball trivia from *Henry Aaron's Dream*? Time to play ball and find out!

Divide into two teams. Everyone who goes "up to bat" in your team picks the difficulty of their trivia question (from single, the easiest, to home run, the hardest). A member of the opposing team "pitches" the question while the player at bat tries to answer. If you get the answer right, your team collects a base (a single = one base, a double = two bases, etc.) and one of your teammates is up to bat. If you get the answer wrong, you're OUT! And the other team gets a chance to try to score.

The team with the most "runs" when all the questions have been asked is the winner. Create your own questions to keep the game going into "extra innings"!

Use the baseball diamond below to track your runs.
